All required insurance must be written with such companies qualified to do business in Massachusetts and shall be in accordance with the general laws of the State of Massachusetts. Contractors must maintain a policy of leading comprehensive public and commercial general liability, owner's protective liability, property damage, and automobile liability insurance (for all vehicles used in completion of this contract) under which the contractor is named as insured and the **City of Leominster is named as additional insured**, and under which the insurer agrees to provide coverage in the minimum amounts set forth below. demands, suits, actions, costs, judgements, whatsoever, including reasonable attorney's fees, which may be imposed upon, incurred by, or asserted against the City of Leominster by reason of (a) any failure on the part of the Contractor to comply with any provision or term required to be performed or complied with by the Contractor under this contract, or (b) for the death, injury, property damage, claims, losses, expenses or damages whatsoever suffered by any person on account of or based upon the act, omissions, fault, negligence, errors, breach of contract, or misconduct of Contractor, Contractor's employees, subcontractor's, etc., arising out of or in any way related to the Contractor's services. In the event that the contract is terminated, the Contractor would be paid for all work completed up to the point of termination of the contract.

### **INTERVIEW**

Bidders may be required to appear for an interview, if so requested, with the City Purchasing Agent before any award is made. The City is to have express permission to contact these people, either by phone, written correspondence or in person, as to past performance. The Contractor must accommodate all requests for such after-hours work; and the School Department shall, except for emergency situations, allow the Contractor a reasonable amount of lead time to arrange for/schedule such after-hours work to be performed; however, in no case shall such lead time be longer than seventy-two (72) hours from the time of initial request by the School Department unless expressly allowed by the School Department.

The Contractor's own purchase invoices for all materials, supplies, and parts used for any work must be made available to the City upon request for audit purposes. The City of Leominster reserves the right to audit the Contractor's books/records at any time to verify all material's and part's original costs. Failure to cooperate with this request at any time will result in the immediate TERMINATION of the contract.

In some instances, the School Departments may supply the materials, supplies, or parts needed for a repair or installation. Information about Prevailing Wage Schedules for Awarding Authorities and Contractors

- This wage schedule applies only to the specific project referenced at the top of this page and uniquely identified by the "Wage Request Number" on all pages of this schedule.
- An Awarding Authority must request an updated wage schedule from the Department of Labor Standards ("DLS") if it has not opened bids or selected a contractor within 90 days of the date of issuance of the wage schedule. For CM AT RISK projects (bid pursuant to G.L. c.149A), the earlier of: (a) the execution date of the GMP Amendment, or (b) the bid for the first construction scope of work must be within 90-days of the wage schedule issuance date.
- The wage schedule shall be incorporated in any advertisement or call for bids for the project as required by M.G.L. c. 149, § 27. The wage schedule shall be made a part of the contract awarded for the project. The wage schedule must be posted in a conspicuous place at the work site for the life of the project in accordance with M.G.L. c. 149 § 27. The wages listed on the wage schedule must be paid to employees performing construction work on the project whether they are employed by the prime contractor, a filed sub-bidder, or any sub-contractor.
- All apprentices working on the project are required to be registered with the Massachusetts Department of Labor Standards, Division of Apprentice Standards (DLS/DAS). Apprentice must keep his/her apprentice identification card on his/her person during all work hours on the project. An apprentice registered with DAS may be paid the lower apprentice wage rate at the applicable step as provided on the prevailing wage schedule. **Any apprentice not registered with DLS/DAS regardless of whether or not they are registered with any other federal, state, local, or private agency must be paid the journeyworker's rate for the trade.**
- The wage rates will remain in effect for the duration of the project, except in the case of multi-year public construction projects. For construction projects lasting longer than one year, awarding authorities must request an updated wage schedule. Awarding authorities are required to request these updates no later than two weeks before the anniversary of the date the contract was executed by the awarding authority and the general contractor. For multi-year CM AT RISK projects, awarding authority must request an annual update no later than two weeks before the anniversary date, determined as the earlier of: (a) the execution date of the GMP Amendment, or (b) the execution date of the first amendment to permit procurement of construction services. Contractors are required to obtain the wage schedules from awarding authorities, and to pay no less than these rates to covered workers. The annual update requirement is not applicable to 27F "rental of equipment" contracts.
- Every contractor or subcontractor which performs construction work on the project is required to submit weekly payroll reports and a Statement of Compliance directly to the awarding authority by mail or email and keep them on file for three years. Each weekly payroll report must contain: the employee's name, address, occupational classification, hours worked, and wages paid. Do not submit weekly payroll reports to DLS. A sample of a payroll reporting form may be obtained at <http://www.mass.gov/dols/pw>.
- Contractors with questions about the wage rates or classifications included on the wage schedule have an affirmative obligation to inquire with DLS at (617) 626-6953.
- Employees not receiving the prevailing wage rate set forth on the wage schedule may report the violation to the Fair Labor Division of the office of the Attorney General at (617) 727-3465.
- Failure of a contractor or subcontractor to pay the prevailing wage rates listed on the wage schedule to all employees who perform construction work on the project is a violation of the law and subjects the contractor or subcontractor to civil and
